

Pilot's Guide to Signature Boca Raton (BCT)

Boca Raton attractions

Boca Raton, located less than an hour south of Palm Beach, is an upscale city that reflects the architectural influence of Addison Mizner, its principal developer in the mid-1920s. You'll know you've arrived in the heart of Boca's downtown district when you spot the town hall's gold dome.

Boca Raton's main attractions are:

- Boca Raton Museum of Art – includes an interactive children's gallery, changing exhibition galleries that showcase internationally known artists and a permanent collection that includes works by Picasso, Degas, Matisse, Klee, and Modigliani, as well as notable pre-Columbian art.
- Gumbo Limbo Nature Center – has four huge saltwater tanks brimming with sea life—from coral to stingrays— a boardwalk through dense forest with a 40-foot tower you can climb to overlook the tree canopy and a butterfly garden. Spend a little time there and you're likely to see brown pelicans and osprey.
- Red Reef Park - has a beach with a good spot for snorkeling. The reef is only about 50 feet offshore.
